

# Assistive Technology Evaluation Intake Packet

This packet helps our team gather information before your student's assistive technology (AT) evaluation. Please complete **all sections** that apply and return the full packet — along with the student's most recent IEP and any relevant evaluation reports — **at least one week prior to the scheduled evaluation.**

The packet includes:

1. **Case Manager Section** – completed by the student's case manager
2. **Teacher Section** – completed by each classroom or subject teacher (duplicate as needed)
3. **Parent/Guardian Section** – completed by the parent(s) or guardian(s)
4. **Student Section (Optional)** – completed by the student, if appropriate

Providing thorough, up-to-date information ensures the evaluation focuses on the student's unique strengths, needs, and learning environment.

Please include:

- Work samples showing areas of difficulty (if available)
- A copy of the student's IEP
- Copies of recent evaluations (educational, therapeutic, medical, psychological, etc.)

If this information is not received on time, the evaluation may need to be rescheduled.
