

BCTS Adult & Continuing Education Financial Aid Department Verification Worksheet

Your Free Application for Federal Student Aid (FAFSA) was selected for review in a process called verification.

The law says that before awarding Federal Student Aid, we may ask you to confirm the information you reported on your FAFSA. To verify that you provided correct information, the financial aid officer at your school will compare your FAFSA with the information on this worksheet and with any other required documents. If there are differences, your FAFSA information need to be corrected. You must complete and sign this worksheet, attach any required documents, and submit the form and other required documents to the financial aid officer at your school. Your school may ask for additional information. If you have questions about verification, contact your financial aid officer as soon as possible so that your financial aid will not be delayed.
